As required under the *Work Health and Safety Act 2012 Division 4 Section 28 Duties of Workers*, I am notifying you that I discern that the workplace is inherently unsafe for me.

The risk of COVID-19 contagion is unacceptably high for me and I consider that the employer is not able to, as far as reasonably practicable without risk to my health and safety, manage or control the workplace.

In order to comply with the Act I will remove myself from the workplace and undertake duties at home. If duties cannot be provided I expect I will be released from work on full pay.
