

It's About Time South Australia Addressed Period Poverty

To the Honourable the Members of the House of Assembly in Parliament assembled –
The Petition of the undersigned residents of South Australia.

Argument

We draw your attention to the issue of Period Poverty in the state of South Australia. Recently, the Commissioner for Children and Young People identified period poverty as a barrier to girls attending school. We believe that students having access to menstrual hygiene products would remove obstacles to girl's participation in high school, reduce the stigma of periods, make schools a more inclusive space for girls and young women and save families money.

Request

Your petitioners therefore request that your Honourable House will urge the Government to take immediate action in addressing period poverty by providing free menstrual hygiene products to high school students in South Australia.
