Membership

You will receive two memberships, one from the Australian Education Union (SA Branch) and one from the Independent Education Union (SA). You will need to notify both unions if you wish to resign your membership at any time.

As a student teacher, you are eligible for dual associate membership of both the AEU (which represents teachers in the state system) and the IEU(SA) (which represents teachers in the non-government sector).

You do not have to choose which union to become a full member of until you secure paid employment, at which time you will be directed to the union that represents teachers in your sector. A reciprocal agreement exists to ensure that members of either union who undertake supply/casual teaching in the other's jurisdiction will be fully covered.

Should you wish to apply for associate membership of just one union, please indicate below.

- I only want to be a student member of the AEU (SA Branch).
 I only want to be a student member of the IEU(SA).
