

What food and nutrition topics should be included in the primary school curriculum?

**CALLING ALL
AUSTRALIAN
PRIMARY SCHOOL
TEACHERS!**

We're asking for 10-15 minutes of your time to share your insights on the food and nutrition topics that should be taught in primary schools, how they align to the Key Learning Areas, and the most effective approaches for delivering content in the classroom.

ELIGIBILITY

To participate you must be:

- A registered primary school teacher
- Currently teaching in an Australian school

WHO CAN PARTICIPATE

- Generalist classroom teachers
- Specialist teachers
- Casual relief teachers
- Leading teachers/learning specialists

WHAT'S INVOLVED

Complete an online anonymous survey

**START

OUTCOMES AND BENEFITS

This is an opportunity for you to provide input into research around the essential food and nutrition topics that should be taught in primary schools. Your input will assist us with embedding food and nutrition topics into the core subjects of the primary school curriculum, spanning across all year levels (P-6).

Upon completing the survey, you can choose to enter the draw for a chance to receive one of four AUD\$100 vouchers!

This study has received Deakin University ethics approval (2025/HE000085)
